DATA SHEET

Take Your Security Program to the Next Level

eSentire's Next Level MDR combines AI-driven precision with elite human expertise to deliver the most resilient, outcomes-driven security protection in the industry.

The eSentire Difference

Build Resilience. Prevent Disruption.

- **AI-Driven Security Operations Platform** - Our multi-agent Generative AI system is embedded across the Atlas Security Operations Platform to empower human experts that protect your complete attack surface.
- **Service Capability** - Get unmatched, complete threat response capabilities with a 15-min Mean Time to Contain, driven by our open XDR Platform.
- **Talent Expertise** - Outmaneuver even the most sophisticated attackers with the eSentire Cyber Resilience Team, who are personally dedicated to protecting your organization.
- **Threat Intelligence** - Stay ahead of advanced cyberattacks with proactive threat intelligence, original threat research, and the eSentire Threat Response Unit (TRU), a world-class team of seasoned industry veterans.
- **Measurable MDR Value** - Get full transparency into the health of your environment and how we protect your critical assets from threats with our Executive Dashboard, Insight Portal, and Cyber Resilience Score.
- **Culture & Experience** - Our team is your team and we are motivated to demonstrate each and every day that an Attack On You Is An Attack On Us.

What Our Customers Say

Understand the Full Buyer Experience

With hybrid work and cloud services expanding your threat surface, threat actors becoming increasingly sophisticated and cybersecurity expertise harder than ever to find, we understand how challenging it has become to protect your business and its critical assets.

Our personalized threat protection is unparalleled in the industry - we see and stop cyberattacks other providers miss and take real ownership in delivering the most complete threat response.
